

# LTFD Series ELECTRONIC

## 12V Plug In Dimmable Power Supply

### Specification Sheet

Project Name	Type
Catalog #	Date

#### PRODUCT OVERVIEW

Electronic LED Dimmable Power Supply features modern electronic power supply technology in a reliable Class 2, plug in form factor. 5 year warranty.

#### FEATURES

- Isolated output power per NEC and UL safety requirements
- Auto-reset; short circuit, overload and thermal protection
- Dimmable with ELV type dimmers
- Flicker free dimming and excellent dimming range
- Efficient, high power factor
- 3' 18/2 SPT-1 attached power cord with 1/4" stripped lead wires
- For dry location use only

#### SPECIFICATIONS

##### ELECTRICAL

- 12VDC, 5A max output
- 120VAC, 0.5A 50/60Hz input
- 60 Watt max.
- Power Factor: >0.95 (full load)
- Efficiency: >0.85% (full load)

##### DIMENSIONS

- 4"L x 2"W x 1.5"H
- 7.37 oz.

##### OPERATING TEMP

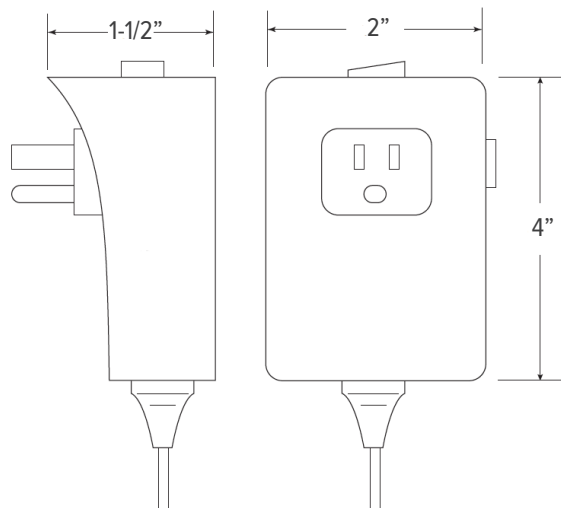

- 194°F max (+90°C max)

##### CERTIFICATION

- UL listed
- Class 2

##### WARRANTY

- 5-year warranty
