

LTR-S COB RGBTW

RGB+ Tunable White LED Tape

GM Lighting's RGB + Tunable White COB tape adds a new dimension beyond simple RGB. With the addition of 2700K and 6500K White LEDs, an amazing combination of color and general lighting is enabled. Cool white light can be used for critical tasks while warm whites create a cozy environment. RGB colors create a wide array of accent options for your desired look. Compact, COB style tape means reduced pixelization for smoother looking light. Designed for high quality illumination in dynamic applications.

- Red, Green, Blue (RGB) channels for rich color applications
- Tunable White LEDs for general and task lighting (2700K-6500K)
- 169 LEDs (single color), 845 LEDs (all LEDs) per meter
- Cuttable Increment: 1-5/8"
- 90° L-sections make flat corner applications easy
- Custom lengths available - consult factory
- 150° viewing angle
- 3M adhesive back
- Compatible with 5-channel DMX or RF control

ORDERING INFORMATION

Example: **LTR-S-COB-24V-5W-RGBTW-16**

Model	-	Series	-	Voltage	-	Wattage	-	Type	-	Reel Length /Direction
LTR		S-COB		24V		5W		RGBTW		16 (Linear tape 16')
										LL (L-section LEFT)
										LR (L-section RIGHT)

ACCESSORIES

Catalog No.	Description
LOC6-TT-S	Low profile 6C tape-to-tape splice connector
LOC6-TT-3	Low profile 6C tape-to-tape 3" wire connector
LOC6-TT-12	Low profile 6C tape-to-tape 12" wire connector
LOC6-TT-36	Low profile 6C tape-to-tape 36" wire connector
18-6-WIRE-XXXFT	18/6 In-wall rated cable (CMP) by the foot

Catalog No.	Description
LOC6-TP-72	Low profile 6C tape-to-power 72" wire connector
LOC6-TT-6	Low profile 6C tape-to-tape 6" wire connector
LOC6-TT-24	Low profile 6C tape-to-tape 24" wire connector
LOC6-TT-60	Low profile 6C tape-to-tape 60" wire connector
